Campaign Receptions Continue

Our Capital Campaign Receptions are in full swing! Already over 100 parishioners have attended a reception and received information detailing the full scope of the parish's goals and our plan to achieve them. In addition, these parishioners have been able to view the model of the finished parish campus, once all of our Master Plan projects are complete. This model will be on display at all receptions.

If you have not yet RSVP-ed for the reception you would like to attend **it is not too late to respond, but parishioners are encouraged to do so soon to ensure your spot** at the reception of your choice. These receptions are filling up! Receptions are social and informal, and they are your best opportunity to learn about our campaign and ask any campaign-related questions you might have. **RSVP's are very important** and are a courtesy to the reception hosts, who need to know how many people they can expect at their home.

Please plan to attend one of these receptions if you are able. They typically last only about 90 minutes. Our goal is to provide complete and accurate campaign information to all parishioners in the most personal manner possible. It is important for the success of this campaign and for the future of our parish to have a high rate of attendance.

Please know that you will not be expected to make a financial commitment at the reception you attend. The purpose of the receptions is to *inform* you of the parish's needs, the goals of the campaign and the different ways you can help.

Our campaign plan is to make personal contact with all parishioners, preferably at one of our campaign receptions. Once the receptions have concluded, our campaign volunteers will begin contacting parishioners who are unable to attend a reception.

Volunteers Still Needed—sign up today!

Our volunteer base continues to grow! If you are interested in helping us reach out to parishioners who are unable to attend a reception please contact Dan O'Connor in the Campaign Office (number below).

By volunteering you are helping Fr. Pat ensure that personal contact is made with each parishioner. The latter is important not only for the success of the campaign, but as part of a broader outreach effort to parishioners who may be ill, homebound, or otherwise unable to attend parish functions and may be in need of pastoral assistance. Thank you, in advance, for your support and your efforts.
