

Sacred Heart Parish and School **Campus Master Plan Update**

Great news:

- Sacred Heart's Master Plan proposal has received approval from the Archbishop to move forward with the Master Plan.
- Sacred Heart has permission to undertake fund-raising to implement the Master Plan.

Next Steps:

- In January, 2008 a Fund-Raising Consultant firm will be chosen to undertake a study of Sacred Heart Parish and School.
- The firm will advise about our Parish and School giving patterns and help set attainable fund-raising goals for individuals and families in our Parish and School Community.
- The main portion of the Fund-raising will begin in the latter half of 2008.

Target Dates:

- It is hoped that construction can begin on Priority One over the summer of 2009, including:
 - Moving School offices to the School entrance
 - Moving two classrooms out of Parish Center and into School building
 - Construction of new Parish Center for Pastoral Care and Administration
- Replacement of the aging School Boiler will be treated as a maintenance issue and will take place over the summer of 2008.

Master Plan Prayer: *Lord God, grant that the work we have begun for your greater glory and the service of others may progress day by day to its successful completion. We ask this through Christ our Lord. Amen.*
