

## **FEASIBILITY STUDY FOR CAPITAL CAMPAIGN HAS SHOWN POSITIVE FINDINGS**

**Thank you to all who responded to the Feasibility Study Survey. 198 written surveys were returned and 70 parishioners/couples took part in the personal interviews. We appreciate that each person or couple found the time for this important input.**

**Over-all the results were very positive and those taking part in the study expressed confidence the elements in the proposed Priority One projects were necessary for the health and growth of the parish and school.**

**After the leadership of the parish has digested the results, a summary will be published for all parishioners to review. Please stay tuned for information as it is available.**
